

**Particle model – 2021/20 GCSE Gateway Chemistry Combined Science A****1. Nov/2020/Paper\_J250/09/No.6**

The particle model used to describe solids, liquids and gases has some limitations.

Which of the following is **not** a limitation of the particle model?

- A** The forces of attraction between particles.
- B** The number of the particles.
- C** The size of the particles.
- D** The space between the particles.

Your answer
